

Custom Antibody Production Services

Start-to-finish service with guaranteed results

With 15+ years of expertise in antibody development and recombinant proteins, **abm** has provided researchers custom antibodies with superior affinity and specificity. Contact us for a custom project quote, today!

Custom Mouse Monoclonal Antibody Service

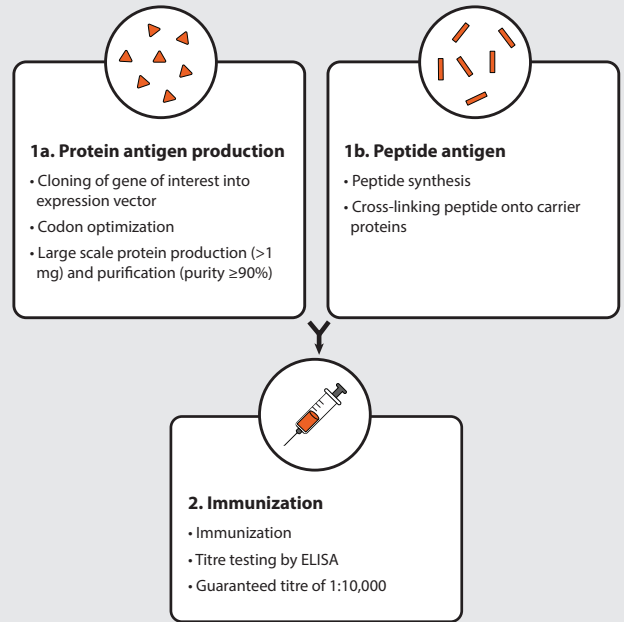

- ✓ We make antibodies against peptides, modified peptides, protein antigens or fusion proteins
- ✓ Simply provide gene accession number and we will do the antigen preparation
- ✓ Our fusion technology yields 1200-1800 hybridoma on average
- ✓ Added value of 3 mg purified antibody and free isotyping

Custom Rabbit Polyclonal Antibody Service

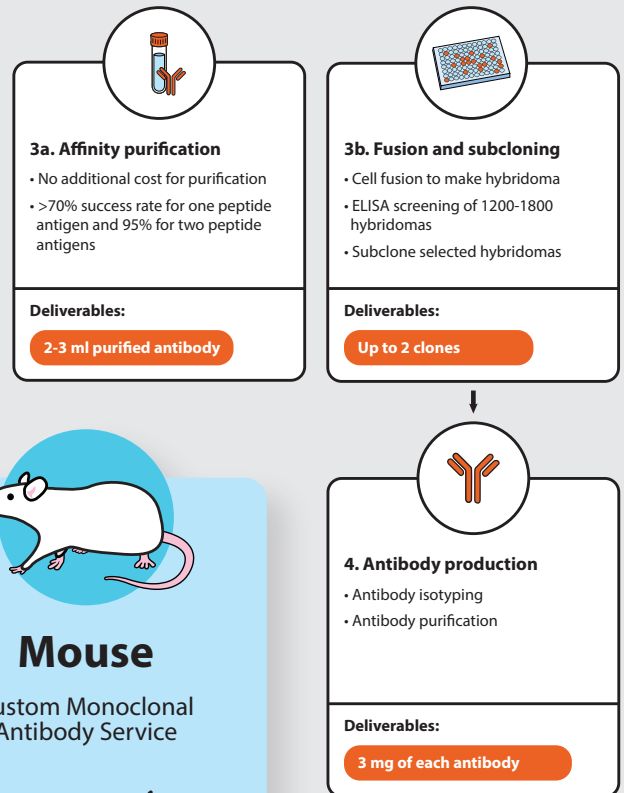

- ✓ We make antibody against peptides, modified peptides, protein antigens or fusion proteins.
- ✓ Simply provide gene accession number and we will do the antigen preparation
- ✓ Affinity purification of ELISA-positive serum at no additional cost
